► **[A] Black Opps - Babylon Recruits:**

**[RAGGA DRUM & BASS]**

NVR031 sees another new artist joining the elite Nu Venture Records roster with the introduction of Brazilian Drum & Bass DJ and Producer, Black Opps. Opening this release is Babylon Recruits with another first for NVR with this being their first Ragga Drum & Bass release to date. Featuring trademark steel like chords, customary Reggae vocal samples and symbolic horns, to give off those classic Jamaican vibes. All perfectly composed alongside that Heavy Dub style bass line to create this genre merging masterpiece.

With huge support from fellow Brazilians Jam Thieves and other DJ's such as Randall and Joe Ford, Black Opps has already found many of his early productions aired on Friction's BBC Radio 1 Drum & Bass show as well as DJ Hype's legendary Kiss FM show.

► **[B] Vibe Chemistry - One Too Many Times:** *[VOCAL JUNGLE DRUM & BASS]*

For the B side Nu Venture Records newcomer and Southampton based UK Producer Vibe Chemistry, presents his full vocal track One Too Many Times. Beginning with chord progression this catchy Jungle Drum & Bass tracks combines the addictive female vocals of Sanna Hartfield with smooth male vocals and jungle samples. All masterfully crafted alongside a deep and commanding bass line to complete this old school summer vibe track and round off this highly skilled release.
